FINAL PLANS MADE AGAINST FARE RAISE

Commuters Appoint Committee to Attend Hearing in Washington Friday

REPORT OF ATTORNEY

Request All Who Can to be Present at Hearing—Name Committee to Solicit Members and Funds

Final preparations for the fight to be made next Friday morning before the Interstate Commerce Commission in an effort to resist the increase fare asked by the Washington-Virginia Railway Company were made last night at a meeting of patrons of the road held in the chamber of commerce under the auspices of the Mount Vernon Division Commuters' Association.

Attorney Conrad Syme, former corporation counsel of Washington, who represents the commuters on this end of the line, attended the meeting and outlined some of his plans for the work.

The meeting was presided over by D. R. Stansbury, president of the association. A committee to solicit members for the association was named and it follows: Harrie White, chairman; Walter M. Piser, Edwin F. Birrell, T. Clifton Howard, J. Robert Tomlin and Miss Lucy Graves.

Those named to represent the city, commuters and others at the hearing Friday follow: H. R. Burke, D. R. Stansbury, Ashby Bladen, F. C. Goodnow, Julian Y. Williams, Capt. George H. Evans, F. F. Marbury, William M. King, Edwin F. Birrell, T. Clifton Howard, Harrie White and J. W. Kreuttner.

In opening the meeting a short address was made by D. R. Stansbury, president of the association, who said that his reason for not attending the recent meeting when certain officials of the road came to Alexandria to give their end of the proposition was that he did not think he any authority to enter into any contract. Mr. Zimmerman of the road, he said he did not think knew any more about the road than many of the cummuters.

He did not think the commuters should be inflicted with an increase in rate he said, and he concluded his remarks by expressing the hope that the commuters would be victorious.

Edwin F. Birrell urged all who could to attend the hearing Friday, as he said Alexandria should be well represented at the hearing. It was explained that the building where the hearing will take place is at Pennsylvania avenue and Eighteenth street, northwest, Washington.

This road he said had been built up by promises of cheap fare. Mr. Zimmerman he said brutally told those who attended the recent meeting at the chamber of commerce that the road needed the money. The tendency in Washington he said is to reduce fare. Commuters he asserted are in no manner responsible for the road management.

The splendid treatment accorded the commuters in former years by the representatives of the steamboats and steam railroads was told by Mr. Birrell who added that they even arranged their schedules to suit the convenience of the commuters. During the past twenty years Mr. Birrell said but little improvements had been made on the road.

F. J. Paff discussed the importance of getting all of the commuters to join the association and give what they could financially to help defray the expenses of the commuters in their efforts to resist the increase.

All who can attend are urged to attend the hearing in Washington Friday morning.

MAKES HOLD-UP ON BUSY STREET

Memphis, Tenn., Feb. 22.—Undaunted by the hundreds of persons on the street near the scene, a lone bandit shortly before noon yesterday held up and robbed Ernest Tapp, messenger for the Memphis Federal Reserve Bank, of approximately $3,000 in cash. The bandit, in a soldier's uniform, stopped Tapp and pressed his gun into his side.

Gets Cabinet Berth

H. M Daugherty, Harding's Campaign Manager, to be Attorney General

St. Augustine, Fla., Feb. 22.—Another member of the Cabinet was definitely announced and the post definitely accepted yesterday.

The appointment was that of Harry M. Daugherty to be Attorney General in the next administration.

President-elect Harding stated flatly that he "was ready at any time to invite Daugherty into the public service." Harding laughed at reports describing Daugherty as a professional politician. He said:

"As far as I am concerned I am ready to invite Mr. Daugherty into the Cabinet, and when he is ready to accept there will be an announcement, if he can persuade himself to make the personal sacrifice. I think Mr. Daugherty is a splendid man, and I think he will make a great Attorney General. I can say this—that the opposition to his appointment has merely strengthened my conviction that I wanted him."

Harry M. Daugherty not only is the lifelong friend of the President elect, but the man generally regarded as responsible for placing Harding before the Chicago convention as a Presidential possibility.

The Columbus politician, beside being the President-elect's campaign manager, has been a constant adviser since the days following the ection.

When apprised of the President elect's statement, Daugherty made public the following acceptance:

"No man would refuse to serve a friend and his country under the circumstances. I am appreciative of both the honor and the responsibilities."

Free Coal For Poor

Four Carloads Turned Over by S Rwy., to be Distributed by the Mayor

Four carloads of soft coal, containing approximately 200 tons, have been donated to the city for the poor of the city by officials of the Southern Railway Company.

The coal was turned over to Mayor James M. Duncan and Mayor Duncan had it placed in the yards of T. J Fannon and Son, coal dealers. Duke and Henry streets. Mr. Fannon offering the use of his yards free for that purpose.

Mayor Duncan stated today to a representative of the Gazette that it his purpose to see that the coal is delivered to all poor persons in the city in need of aid.

In finding such persons he will have the aid of the members of the police department, the ministers of all denominations and also the representatives of the various charitable organizations of the city.

This is one of the biggest gifts made recently to the city and just now will be of great help to many poor families. It is proposed by the mayor to distribute the coal in ton lots.

TWO MORE DAYS OF SNOW PREDICTED BY EXPERTS

Washington, Feb. 22.—Two more days of snow were said by the Weather Bureau last night to be in prospect for much of the snow-covered East.

The clear skies which succeeded the snowfall of Saturday and Sunday in the region north of Tennessee and North Carolina and east of Ohio had become clouded last night, the Weather Bureau reported, and in a part of that territory the snow again had begun to fall.

TOTAL OF $637,000 RAISED FOR TEMPLE

Increase of $422,000 Over Amount at Hand Last Year

VISIT MOUNT VERNON

Officers Elected Before Adjourning This Afternoon—Delegates Gratified With Progress Made

More than one-half of the cost of the building of the proposed Masonic Temple is now at hand according to report of the Treasurer Cowles submitted today at the eleventh annual meeting of the George Washington Masonic National Memorial Association held in the Masonic Temple. Treasurer J. W. Cowles reported the total receipts to the present time to be $637,000. At last year's meeting only $215,000 has had been raised for his fund.

This association purposes to raise a great deal more than a million dollars, it being its object to provide a fund for the general upkeep of the shrine to the memory of Washington which will be erected at George Washington Park.

The report was received with considerable gratification by the delegates in attendance.

Plans were discussed and mapped out for speedily raising the remainder of the money needed for this work.

Members feel gratified over the splendid progress made during the past year and are of the opinion by the next meeting the necessary fund will be in hand.

Considerable routine business today was discussed in connection with the erection of the proposed temple. The site has already been secured and it is now in readiness for proceeding with the work.

After electing officers before adjourning this afternoon the delegates made a pilgrimage to Mount Vernon and placed a handsome memorial wreath on Washington's tomb in accordance with an established custom. Most of the delegates will attend the annual celebration of Washington's birthday tonight by Alexandria-Washington Lodge of Masons after which they will leave for their home

The sessions of the association today were presided over by Hon. Lewis A. Watres, president of the association, whose home is in Scranton, Pa.. Prior to calling the meeting to order prayer was offered by Rev. Dr. W. J. Morton, chaplain.

After electing officers the delegates were served luncheon in the Masonic Temple.

Tokio, Feb. 22.—It has been officially announced that Maj.-Gen. Nishi Hara, the commandant of the Twenty second Brigade, of which the sentry who killed Lieutenant Langdon was a member, has been suspended and his command taken over by the chief of staff of the First Division. Observe Holiday

George Washington's Birthday Quietly Celebrated

Washington's birthday was quietly observed here. There was no public celebration of any character. As stated in another column Alexandria-Washington Lodge of Masons tonight will hold a celebration at the Elks' Hall.

Practically all business was suspended by the noon hour.

A number of dances and parties are scheduled to be held tonight, and several patriotic societies are slated to hold special programs this evening.

Many wreaths today were placed on Washington's tomb, one being from the George Washington Birthday Association and the American Legion of Washington also placed a wreath.

For the benefit of the Children's Playgrounds artificial cherries were sold on the streets today and considerable money was realized for the work.

Weather conditions were anything but ideal for a parade. The George Washington Birthday Association last year decided to hold a parade this year. However, they long ago abandoned the idea and members expressed themselves as gratified that there was no parade scheduled for today. In the afternoon the sun shone and the streets were sloppy, the snow that fell last night rapidly melting.

CROOKS MIGHT FOLLOW MOUREY WITH SHOVEL

Bloomsburg, Pa., Feb. 22.—William Mourey, a Cleveland township farmer, maintained in court yesterday that he was not a millionaire but that he was forgetful, and asked the court to name a guardian

He had placed $200 in gold in a bag and then sold the bag to a Mount Carmel baker, forgetting all about the money. The baker returned the money, however.

He had hidden $150 in a tin box which he placed under a refrigerator on the back porch. Later cleaning up the porch, he threw the tin can into a box of junk, and his grandson recovered the money.

Mourey didn't believe in banks, and when he planted potatoes last spring, hid several hundred dollars in the potato field. He hired men to dig the potatoes, and thinks they pocketed the money, or it grew into the potatoes. At least he never got it. He didn't think about it until yesterday, he said.

Irvin Kleisher was named guardian for Mourey, who is 70 years old.

CARUSO TO SING BETTER THAN EVER, IT IS CLAIMED

TEACHERS OPPOSE CHANGE IN SCHOOLS

Want Supt. Sweeney Retained As Head of Schools

PRAISE HIS WORK

Copy of Resolutions Indorsing Him Submitted to School Board and Teachers Ask His Reappointment.

At a recent called meeting of the Teachers' Association of this city, the following was adopted and later presented to the City School Board.

To the City School of the city of Alexandria, Va:

"We, the undersigned teachers in the public schools of the city of Alexandria, have just learned with surprise and regret of a rumor, to which we hope there is no foundation, that an effort is about to be made to displace W. H. Sweeney as superintendent of schools when his present term expires.

We feel that in our constant and daily contact with him in his official capacity our observations as to his ability, fitness, and efficiency as Superintendent will be of interest to those having the appointing power in determining his qualifications. We further feel that the loss of Mr. Sweeney as superintendent of the schools of this city will be a distinct loss to the school system and result in lowering the efficiency and standard of our schools. We desire further to testify to the untiring, persistent, and constant efforts of Mr. Sweeney to improve the school system, and to his industry, diligence, and patience in the performance of his duties. He visits our schools often and regularly, and in the absence of a teacher, from sickness or otherwise, often substitutes as a teacher in the school, where otherwise it would be necessary to close the school room. We sign this recommendation without the knowledge of Mr. Sweeney because we feel that his loss would be a distinct detriment to the school system of this city, and we unhesitatingly request the school board to use its influence with the appointing power to secure the reappointment of Mr. Sweeney as Division Superintendent of Schools of this city.

Respectfully, Ruth C. St. Clair,
Pres. Teachers' Associations.

Theft of Liquor Not Crime, In Opinion of Georgia Judge

Atlanta, Ga., Feb. 22.—Thieves may steal your liquor without fear of prosecution! That is what Judge John D. Humphreys of the Fulton Superior Court, ruled yesterday at the trial of a city detective charged with stealing liquor from a self-confessed bootlegger.

The Judge ruled that liquor has no legal status and cannot be protected by the laws, consequently one cannot be arrested for stealing it. He said that the owner of liquor might prosecute as a violation of the prohibition law, but not for stealing.

BONUS BILL TO GO OVER TO NEXT CONGRESS

Penrose Makes Announcement in Reply to McCumber's Cost Statement

Washington, Feb. 22.—Soldier bonus legislation will be delayed by the Senate until the extra session of Congress, Chairman Penrose, of the Finance Committee, said yesterday in connection with a statement by Senator McCumber, Republican, North Dakota, that he was preparing "for the Senate and the American people" a detailed statement of costs of the relief measures.

Mr. McCumber explained that he was delving into every phase of the proposed bonus so far as costs were concerned and expected to have from army and navy sources sufficient data to make an accurate estimate of the costs. He added it was his intention to produce this information before adjournment.

Mr. Penrose interrupted to say that every one "understood that the actual legislation to pay the bonus would not be attempted until next session." It should be handled properly if at all, he said, and he feared the jam of the last few days might destroy deserving features.

Claim Burial Plot

Members of Washington Family Would Bar Public From Inclosure at Mount Vernon

Nazareth, Pa., Feb. 22.—The Washington family want the family burial plot in Mount Vernon closed to the public and the names of the Conrads, who are descended from some of the Washingtons, removed from the monument in the inclosure, according to George Steptoe Washington, who spoke before the Colonial association of Nazareth hall, a school here, last night. Mr. Washington's parents were descended from two brothers of the first President.

Recalling that the family burial plot was not included in the sale of Mount Vernon to the association which now owns it, Mr. Washington said: "The family reserves the right to close off this space at any time, and to inter the two bodies of George Washington and his wife—and once interred they will not be on view. The association and the public have no rights on this half acre. The association, without any right, allowed the Conrads to put the names of some deceased members on the monument in this reserved space. These names will have to be removed."

Some of the Conrads whose names appear on the monument are not buried there, he said.

Dealing with the Washington in the world war, Mr. Washington said that many of the young men had enlisted in the army as privates. "One of my cousins," he said, "has nine sons and all enlisted in the late war. Two went to Russia and four to France and Italy.

RAISE FOR COOLIDGE STOPPED BY GILLETT

Washington, Feb. 22.—The Vice-President and Speaker of the House are not to receive salary increases.

Senate amendments to the legislative appropriation bill to increase their salaries from $12,000 to $15,000 have been stricken from the bill by conferees. It was said that Speaker Gillett opposed the increase because it applied to him alone without giving increases to other House members.

HOLD-UP MAN FOUND SLAIN

Dead in Snowdrift, With Rope and Mask in Pocket

New York, Feb. 22.—A man found dead last night in a Bronx park snow drift with 3 bullet wounds through his head was identified late yesterday as the well dressed highwayman who robbed a Broadway cigar store February 13 after knocking the clerk unconscious with a cane. The police believe he was shot as the result of a quarrel.

The cigar clerk who established the identification said the robber offered in payment for $64 worth of cigars a $100 bill, to change which the clerk was obliged to open the safe. From this the robber later took $800.

In the man's clothing were found several pieces of rope and a mask made out of a silk handkerchief.

Wall Street Dealers in American Pie Caught Short

New York, Feb. 22.—Dealers in American pie, from meringue preferred to apple common, were caught short today in Wall street, where 3,000 blocks, divided into 24,000 shares, usually are sold daily. Investigation by the board of governors of the messenger boys exchange showed that frost and snow had effected a corner, checking deliveries.

A heavy demand, with limited offerings, sent prices soaring until 15 or 20 cents were offered, with no takers. Contents of only a few wagons able to pierce snowdrifts from factory to lunchroom were on the market.

BALKS AT MIXED JURY

BIG HAUL OF CIDER BY FEDERAL AGENT

Total of Thirty-Eight Barrels and Kegs Seized In Raid

CLAIM TOO MUCH KICK

J. W. Russell Also Taken and Held for Federal Grand Jury—Small Seizure of Cider at James Wood's

Thirty-eight kegs and barrels of cider alleged to contain more alcohol than is allowed under the provisions of the national prohibition act were seized yesterday evening at a store at the southwest corner of Queen and Pitt streets by J. J. Hudgins, deputy collector of internal revenue, of Richmond. He also took in custody J. W. Russell and Russell was taken before U. S. Commissioner William P. Woolls and following a preliminary hearing was held for the action of the federal grand jury which will meet in this city next July.

A big motor truck was used in hauling the cider to the custom house in this city.

One half of one per cent of alcohol is all law allows in certain beverages under the provisions of the national prohibition act.

This was one of the biggest hauls of cider made in Alexandria since the national prohibition act became effective.

Mr. Hudgins also seized about 20 gallons of cider in jugs from the place of business of James Wood, at the lower end of King street.

Wood also was taken in custody and held for the action of the federal grand jury. He furnished a bail bond in the sum of $500 for his appearance before that body, and the same amount of bond was given by Russell.

YANKS IN EHRENBACH

Coblenz, Feb. 22.—Carl Neuf and Sergt. Frank Zimmer must stand trial for the attempted abduction of Grover Bergdoll at Ehrenbach, a town in Germany outside of the occupied zone. Attempts of representatives of the American forces in Germany to secure their release before the case came to court for trial evidently have failed. The two men will be represented by the best lawyer that can be obtained and every effort will be made to secure their acquittal and return to Coblenz.

An American officer who was sent to find out how the two Americans were being treated returned from Mosbach today. He declares the prisoners are comfortable.

Greeks Lose Where Turks Gain Under Near East Proposals

Under proposals presented the Allied Supreme Council for revision of the Treaty of Sevres.

Turkey would regain one-fourth the territory of Thrace now held by Greece:

Turkey would obtain civil and military control over Smyrna.

The Turks would be allowed representation on the international commission controlling the Constantinople district.

Smyrna would have a semi-autonomous government, under a Christian governor approved by the Allies. The judiciary and finances would be under control of an international commission and the gendemarie would be composed of both Greks and Turks.

The new boundary for Thrace would extend from Enios on the Aegean Sea to Midia on the Black Sea.

Greece firmly stands against these plans, or any revision of the Sevres Treaty. The Athens government has ordered its Foreign Minister at the London meeting not to yield one bit of territory.

War by Greece against the Turkish Nationalists is the counter proposal offered by the Greek representatives at the Council session. An easy victory leading to a stable settlement of the Near East question is his forecast.

The Greek army in Anatolia is reported to show intense fears to attack the Turks, spurred on by indications that [illegible] of the treaty settlement may cause their country loss of territory.

TO-DAY'S THOUGHT. A little philosophy inclineth man's mind to atheism, but depth in philosophy bringeth men's minds about to religion.

Lord Bacon.

Sub Specie Aeternitatis.

One of the master-minds of the human race, a Dutch Jew, living in Spain, and known to fame as Spinoza, used the phrase, back in the 17th century, which heads our editorial. He wrote his works in Latin, and attempted to prove the existence of God by mathematical theorems. He has influenced the whole thinking world, and it may be said of him, as of another, that he advanced the boundaries of human thought.

The phrase we have quoted might be translated, "under the guise of eternity." It is a most pregnant expression, and the more we think upon it the more we are struck with its possibilities in an application to the affairs of life. For instance when we encounter the daily sea of troubles that seems so formidable at the time, if we would only view it "under the guise of eternity"—how petty and insignificant the proportions i would assume!

We could tear off the mask of tragedy and disclose the emptiness beneath. Tears would give place to smiles—often to laughter. Eternity reveals the true perspective. Suppose we were lying at the base of an ant-hill—it would shut off our vision of the illimitable space beyond, and seem to us insurmountable and awe-inspiring. But let us rise and place the ant-hill at the base of a mountain, and we would laugh in derision.

So, spiritually, if we would learn to take our little human life and place it beside eternity we would be impressed with its real trivial consequence, and go forward in our march, buoyant and unafraid.

We would learn other things, too, perhaps. We would learn that this life is merely a preparation for an immortal existence. That the soul is not a child of time but of eternity.

JOHNSON CITY, TENNESSEE, SUFFERS $235,000 BLAZE

Bristol, Va., Feb. 22.—Entailing a loss of approximately $235,000, the Empire Chair Factory, and several other plants were destroyed by fire early Sunday morning at Johnson City, Tenn. The loss to the chair factory is placed at more than $75,000.

Other plants which suffered were the Penrod Walnut and Veneer Company and the Johnson City Lumber Company. The origin of the fire has not been determined.

"MISS HOBBS" will tell you who she is tomorrow.

"The latest generations of the grateful children of America will make their pilgrimage to the home of Washington as to a shrine; and when it shall fall, if fall it must, his name and memory shall shed an eternal glory on the spot."

Don't Forget Friday

At the meeting of the commuters and those interested in the proposed raise in fares on the Washington Virginia Railway, last night, some interesting facts were developed. It was shown that less than ten per cent of the commuters had become active members of the association.

This is an absurdity that cannot be treated too harshly. A matter that affects the welfare of several thousand is treated with a silent neglect that amounts to contempt by nine-tenths of the citizens whose pockets are seriously touched by the proposed increase. More than this, many may have to choose between change of employment and change of residence. And still further it means that our city's future may be affected, since a reasonable fare between Alexandria and the capital means a continuous and rapid growth of population to the former, a tremendous advantage in the location of industrial enterprises, and a building up of the intervening territory that in a few years would give Alexandria all the advantages of a city of 100,000 population.

These statements need no extended proof. They are elementary and axiomatic. With reasonable railway fares—and the proposed increase is unreasonable and extortionate—our city will become a wealth producer to an extent that is now undreamed of. Every man, woman, and child, and generations yet unborn, will become intensive beneficiaries of a wise policy of intercommunication between Alexandria and Washington. The interjacent territory will be one continuous metropolis.

It needs no vision to foretell the vast consequences that will ensue from such development. Many other instances in this country could be cited as living and visible proofs of this inevitable growth. St. Paul and Minneapolis; Fort Worth and Dallas, and a whole chain of vigorous towns thereto connected. In New England the examples are stupendous and indisputable. And we say, in the fulness of conviction, that Alexandria's situation is more promising than any of them.

It is, therefore, a crime not only against our neighbors, a stultification of ourselves, but treason to our city to neglect our duty so plainly and emphatically pointed out. We are slackers when we should be patriots. There is no more odious transgression that we could commit than to shirk our share of the common labor in aiding and defending our home city when the victim of a foreign enemy, whose interests are and ever will be adverse to ours, unless they are broad-minded and far-sighted enough to see that their prosperity is coincident with ours.

Just one word more: you who read this, should attend the hearing at the chambers of the Interstate Commerce Commission on Friday next, 25th instant, at 10 o'clock in the morning, at 18th street and Pennsylvania Avenue. You should speak to your friends, that they attend. There ought to be one thousand of our citizenry, overflowing the rooms, the corridors, the staircases, and lining up on the street, a massive army that will impress the world with the strength and fighting quality of historic Alexandria when her rights are trodden upon and her people oppressed!

There is, there can be, no service paramount to this.

Alexandria expects her sons and daughters to do their duty by her!

DEMANDS $400,000 FOR 20 YEAR SPINSTERHOOD

Memphis, Tenn., Feb. 22.—Echoes of a 20 year romance were heard in the Federal District Court here yesterday with the trial of the suit of Miss Mollie Quirk, Milwaukee woman, for a $400,000 share in the estate of the late Patrick Kallaher, wealthy Memphis man, who, according to the averments of Miss Quirk, was under promise to bequeath her his fortune in return for her promise not to wed during his life time.

Miss Quirk said Kallaher won her promise to marry him in 1892 while he was a student in a Milwaukee convent. At that time Miss Quirk was 16 years old and Kallaher 32. Parental objections prevented the marriage, Miss Quirk explained, but during the 20 years that itnervened until Kallaher's death in 1912, his courtship continued and both held to the troth plighted in 1892, by mutual understanding neither marrying. After Kallaher's death, which followed a long illness during which Miss Quirk acted as his nurse, claim to his estate was set up in behalf, but this was contested by relatives of Kallaher.

The Struggle For Health

Good health depends first of all upon good food. You cannot thrive unless you give the system the nourishment it requires. Especially is this true of the growing youngsters. WHAT they eat is of the utmost importance.

Everybody looks upon bread as the "staff of life"—but it must be bread that is rich in the nutrients; and it must be bread that has been scientifically developed and baked.

CORBY BREAD is just that----rich in nutrients----and scientifically developed and baked.

Every ingredient entering into Corby Bread is intelligently selected---for, its quality and purity---and the form ula includes unusual quantities of milk.

Our dough conditioning process is progressed by means of our patented mixing machines—which alone are capable of developing ALL the gluten content of the flour. Our ovens are governed by the most advanced scientific knowledge. Therefore CORBY BREAD is always 100 per cent PURE—and 100 per cent PALATABLE—and 100 per cent NUTRITIOUS.

Made right here in Alexandria and delivered fresh from our ovens to grocers and delicatessen all over the city.

Pure as Mother Made It.

True Bill For Preacher Who Killed Innkeeper

Sandwich, Ont., Feb. 22.—A true bill charging the Rev. J. O. L. Spranklin with manslaughter as the result of the killing last November of Beverly Trumble, an innkeeper, was returned by the Ontario grand jury here yesterday afternoon. Spranklin shot and killed Trumble while acting as liquor license inspector.

Lawyers, witnesses and newspaper men began assembling here yesterday for the opening today of the trial of Spranklin. The trial will begin in the morning.

Sheriff C. N. Anderson yesterday denied a report that because of strong feeling in the border cities he had ordered the courtroom closed to all but attorneys, witnesses and the press. He explained that, because of limited space, the number of spectators would be restricted.

Sir William Mulock, the presiding judge, upon his arrival here refused to accept hotel reservations made for him in Detroit. He declared that while administering Canadian law he would not take up quarters in another country.

Villa Leaves His Crops To Seek Hidden Loot

Mexico City, Feb. 22.—Francisco Villa, the former bandit chieftain, is searching the mountains of Durango for loot buried there years ago by leaders of bandits. Travelers reaching this city from Torreon say that Villa with a considerable body of men, is scouring the mountains for many miles in search of these mysterious caches.

Villa's hacienda at Canutillo is prospering under the former outlaw's supervision, it is said, and crop conditions are such as to permit his absence for weeks at a time. War Department officials declare Villa is on most friendly terms with the present government and display many postal cards said to have been received from him.

Gave Lover $500 to Begin Business; Got Love Check

Sacramento, Cal., Feb. 22.—Something new in finance—a love check—was offered as evidence in a suit to recover $500 brought by Mrs. Bessie Florence Bessie Downing against John D. Silversthorne in the Superior Court Saturday.

Mrs. Downing claims she was engaged to Silversthorne and loaned him $500 to open an employment agency here. When the engagement was broken off, she says, she demanded her money returned. Instead she received the "love check," which was offered in evidence. No mention of money is made in the check submitted, which was made out on paper of the California Commercial Savings Bank, Los Angeles.

Father Kills Accused Assailant of Daughter

Denver, Feb. 22.—Al Reece, bootlegger and police character, accused of criminally attacking 13-year-old Jessie Thomason was shot dead, in front of the Thomason home yesterday morning by George Thomason, her father and his brother-in-law.

Reece was discharged in court Friday morning when witnesses against him did not appear. Reece had told them the case had been postponed, police say, and gained his liberty in that way.

Thomason met Reece yesterday morning, and, exclaiming, "You dirty dog, you'll never harm another daughter of mine," fired two bullet from a automatic into Reece's head and shot him a third time when he fell to the ground dead. Thomason then walked to a police station and surrendered.

ILLNESS OF TWO HALTS MINGO CASE

Williamson, W. Va., Feb. 22.—The "Trigger Trial" was again upset yesterday. Two of the nineteen defendants—Charlie Kiser and Bill Bowman—were so ill they were unable to attend court, so the day's hearings were called off. Bowman has influenza with fever of 102. Kiser's ailment is still undiagnosed. Both men are veterans of the great war, having fought in many of the big battles on the western front.

Judge Robert D. Bailey announced court will hereafter open at 8 in the morning and the proceedings will last eight and nine hours a day until the case is finished. All witnesses were again warned that nonappearance will mean jail terms.

If the two sick men are unable to appear tomorrow the State is expected to make a motion of mistrial in their cases and ask to go ahead with the trial of the other seventeen men charged with the murder of Albert C. Felts. Bowman and Kiser have been segregated in the county jail to safeguard the health of the other defendants.

Ford

THE UNIVERSAL CAR

ANNOUNCEMENT!

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

"The price of the FORDSON Tractor has been reduced from $790.00 to $625.00, effective immediately.

"This price change has been made possible through lower costs of materials and the fact that we are now located in our new Tractor Plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality.

"We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns which likewise have benefitted through its use and are already realizing, to a much greater extent, its value as a power and hauling unit. But particularly has the FORDSON Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of drudgery.

"There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results, as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all.

"THERE IS NO CHANGE IN THE PRESENT FORD CAR AND TRUCK PRICES, which are already at the lowest possible figure and now with rock bottom reached on the tractor price a further reduction in price of either the car, truck or tractor is out of the question; in fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases."

Ask for the book "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson.

NAUGHTIER DANCES LAID TO DRY ERA

Chicago, Feb. 22.—Has the prohibition era made the dances more naughty?

The question was asked of leading psychologists, alienists, dancing instructors, moralists and others yesterday, following the report of the Juvenile Protective Association that more objectionable dances are now being witnessed in the dance halls than ever before. The report was based on an invitation of fifty dance halls.

Answers in a majority of cases were the same. The "law of compensation" was the way the matter was explained.

"It is very true that if you take one pleasure from a man he will find compensation in another," declared Dr. James Whitney Hall, noted alienist. "The dances will no doubt be faster and more risque as the lid is tightened. Man must find some way to compensate himself for the thing that has been taken from him."

The Rev. John P. Brushingham, of the Morals Commission, declared: "The young women we come in contact with used to say, 'It was my first drink.' Now they say, 'It was my first dance.'"

COUNTESS BERNSTORFF OPENS SUIT AGAINST U. S.

Washington, Feb. 22.—Suit in behalf of Countess Jeanne von Bernstorff, wife of the former German Ambassador in Washington, to recover approximately a million dollars' worth of property seized by the Alien Property Custodian during the war, was filed here yesterday in the District Supreme Court.

The complainant alleged that none of the property involved came to her from German Austrian or other enemy sources, it having been inherited from her father, the late Edward Luckemeyer, of New York city. Attached to the complaint was a copy of a passport issued by the State Department to Mr. Luckemeyer in 1853 to visit Germany. It was submitted as evidence of his American citizenship.

The complaint alleged that the property was in custody of the firm of J. P. Morgan and Co., New York, when seized, and that it was the daughter's share of the $2,500,000 estate left by Luckemeyer to her mother and herself. The present address of Countess von Bernstorff was given as in Upper Bavaria, but the complaint added that she was "sojourning" in Berlin.

TWO MAIL SACK ROBBERY SUSPECTS UNDER ARREST

Chasco-Vin's 150th Testimonial

R. L. Nickel, one of Canada's leading paper hangers said: "I consider Chasco-Vin a great medicine. I am stronger and better today than for a long time. I had one of those bad colds that hang on and I was badly run down too. I took three bottles of Chasco-Vin and it fixed me up in good shape. I feel so much stronger and benefitted so very much by taking Chasco-Vin that I believe it due you and everyone else to know about Chasco-Vin. As I said before I consider it a truly great medicine."

Chasco-Vin is sold only by specially appointed agents. In Alexandria the agent is Edgar Warfield, jr., Corner King and Pitt Streets.

For ordinary Coughs take Chasco Koff Knocker. For slight Colds, take Chasco Kold Knockers and Grip Checks, made by the mfgs of Chasco-Vin.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." Note how they clear clouded brain and perk up the spirits. 15c and 30c a box.
